

Preferred Drug List

This Preferred Drug List for members of the HealthSelectSM of Texas prescription drug program is a summary of your prescription drug coverage. Brand-name products are in CAPS and generics are in lowercase *italics*. This is not an all-inclusive list and is subject to change. Visit www.caremark.com/ers to check coverage and copay¹ information for a specific medication.

LOWER COSTS WITH GENERIC MEDICATIONS

As a way to help lower your out-of-pocket costs, ask your doctor to authorize generic medications when medically appropriate. Take this list along when you or a covered family member sees a doctor.

Please note:

- For specific information regarding your prescription benefit coverage and copay information, please visit www.caremark.com/ers or contact a Caremark Customer Care representative at (888) 886-8490.
- Caremark may contact your doctor after receiving your prescription to request consideration of a generic equivalent. This may result in your doctor prescribing, when medically appropriate, a generic equivalent in place of your original prescription.
- This drug list is a summary of your prescription drug coverage. It is not inclusive and does not guarantee coverage.
- Any brand-name drug for which a generic product becomes available may be designated as a non-preferred product.

FOR YOUR INFORMATION: Any brand-name drug for which a generic product becomes available may be designated as a non-preferred product. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed.

* The preferred alternative products in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

§ Generics are available in this class and should be considered the first line of prescribing.

¹ Copayment, copay or coinsurance means the amount a member pays for a prescription after a per-person, per plan year deductible.

² Indicates the proposed mechanism of action, based on the American Psychiatric Association Summary of Treatment Recommendations.

³ Higher copayments may apply depending on the member's prescription benefit plan. Log in to www.caremark.com/ers to find the copayment under a specific plan.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with Caremark. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber.
