

Important update to your coverage for at-home COVID-19 tests

Starting May 12, 2023, the two national emergencies addressing COVID-19 will end. As a result, plans will no longer be mandated to cover at-home, over-the-counter (OTC) COVID-19 tests.

The good news is your plan will continue covering these tests at no cost to you. Check with your plan to find out how many tests are covered per month.

1. Order online via your pharmacy's website or app.

2. Visit the counter at your pharmacy. If tests are available, you'll need to show your member ID.

When ordering online or in storefront, be sure to keep the receipt and submit to your insurance for reimbursement if necessary.

If you have any questions, ask your pharmacist.
