

Get early access to Health100™, a new trusted front door to your health and care

As a member of a pharmacy benefit plan administered by CVS Caremark®, you're invited to be among the first to try the Health100™ app, that will bring together pharmacy, benefits, care, health records and more in one place.*

Everything you can do today and more

You can conveniently manage your plan's pharmacy benefits on the Health100 app, including viewing plan and coverage details, checking drug costs, and finding an in-network pharmacy.

More guidance, less healthcare homework

Find and access care more easily, better understand costs and coverage, and get proactive support from Haio™**, along with digital health tools, Personal Health Records*** and expanded care resources.

Scan to download the Health100 app and be among the first to experience what Health100 can do.

About Health100: CVS Caremark has engaged Health100 to bring eligible plan members a new digital health experience. While CVS Caremark continues to administer your plan's pharmacy benefits, Health100 serves as a consumer platform where users can access pharmacy, benefits, care, and health resources together in one place.

*Not all health information may be available in Health100. Availability of data depends on participating partners and member authorization.

**Haio provides informational support only and is not a substitute for professional medical advice, diagnosis, or treatment.

***The Health100 Personal Health Record (PHR) gives you the option to request and store information from other sources, including your healthcare providers. Some of that information may be protected by different laws depending on the source of the information. The Health100 PHR is subject to certain privacy laws, but not the Health Insurance Portability and Accountability Act (HIPAA). To better understand how your information is used and protected, please review the Health100 PHR Privacy Policy.
