

## **DISPENSE AS WRITTEN**

If you buy a brand name drug instead of a generic, you'll pay more out-of-pocket. You'll pay the brand name cost share plus the difference between the cost of the brand name and the generic drug. However, if your doctor tells us you can only take the brand name drug, you will not have to pay the difference between the cost of the two drugs.

## **DISPENSE AS WRITTEN (DAW) EXCEPTION PROCESS**

The Dispense as written exception process allows for coverage of the brand drug without paying the difference in cost between brand and generic.
