Limited Distribution – CVS Specialty Pharmacy does not have access to dispense the medication.

Non Covered Benefit – A non-covered product under the pharmacy benefit.

Non-Formulary – Medication is not on the CVS Caremark formulary and requires medical necessity review for coverage.

Non-Preferred – Medication is on the CVS Caremark formulary.

Preferred – Medication is on the CVS Caremark formulary.

TBD – To be determined. Formulary status has not been determine. Medication can be covered with a medical necessity review.

This document contains confidential and proprietary information of CVS Specialty and may not be reproduced, distributed or printed without written permission from CVS Specialty. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Specialty.

This is a listing of specialty medications for GEHA. It does not guarantee coverage. Due to the large number of available medicines, this list may not be all inclusive and may change without notice. Medications may or may not reflect the appropriate formulary tier or coverage logic depending upon the specific diagnoses, regardless of their appearance on this document. Recurring oral medications are to be processed through the pharmacy benefit. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. Please reference the GEHA Benefit Plan Brochure, Section 5(f) Prescription Drug Benefits, for benefit information.
