

## Specialty Starter Fill Drug List

The Specialty Starter Fill Program is intended to help minimize medication waste for a defined list of specialty medications with a high prevalence of side effects, poor tolerability and frequent dose or medication changes, while managing plan member adherence and care, potentially helping improve care and provide savings for members and clients.

The program limits new-to-therapy users and non-adherent members to a two-week supply of the medication. The adjudication system monitors member utilization over a rolling six-month period and requires a cumulative 60-day supply of medication in order for members to receive a full month's supply of the medication. Non-adherent members who do not meet the 60-day requirement are considered new-to-therapy users and are limited to the two-week supply of the medication.

### Hematological Disorders

Exjade (deferasirox)

Jadenu (deferasirox)

### Hepatitis B

Baraclude (entecavir)

Epivir HBV (lamivudine)

### Oral Oncology

Afinitor (everolimus)

Alecensa (alectinib hcl)

Alunbrig (brigatinib)

Ayvakit (avapritinib)

Balversa (erdafitinib)

Bosulif (bosutinib)

Brukinsa (zanubrutinib)

Cabometyx (cabozantinib s-malate)

Calquence (acalabrutinib)

Daurismo (glasdegib maleate)

Erivedge (vismodegib)

Exkivity (mobocertinib succinate)

Gleevec (imatinib)

Inlyta (axitinib)

Inrebic (fedratinib hcl)

Iressa (gefitinib)

Jakafi (ruxolitinib)

Jaypirca (pirtobrutinib)

Krazati (Adagrasib)

Lorbrena (lorlatinib)

Lumakras (sotorasib)

Lynparza (olaparib)

Lysodren (mitotane)

Nerlynx (neratinib)

Nexavar (sorafenib)

Odomzo (sonidegib)

Orserdu (elacestrant)

Retevmo (selpercatinib)

Rezlidhia (olutasidenib)

Rozlytrek (entrectinib)

Rubraca (rucaparib)

Sprycel (dasatinib)

Tagrisso (osimertinib)

Talzenna (talazoparib tosylate)

Tarceva (erlotinib)

Targretin (bexarotene)

Tasigna (nilotinib)

Tazverik (tazemetostat hbr)

Tibsovo (ivosidenib)

Vitrakvi (larotrectinib)

Vizimpro (dacomitinib)

Votrient (pazopanib)

Welireg (belzutifan)

Xalkori (crizotinib)

Xospata (gilteritinib fumarate)

Xtandi (enzalutamide)

Yonsa (abiraterone)

Zejula (niraparib tosylate)

Zolanza (vorinostat)

Zykadia (ceritinib)

Zytiga (abiraterone)

**Parkinson's Disease Psychosis**

Nuplazid (pimavanserin)
