

Comprehensive Specialty Pharmacy Drug List APRIL 2018

Providing one of the broadest offerings of specialty pharmaceuticals in the industry

If you are a plan member or health care provider, please contact Specialty Customer Care at (800) 237-2767 or visit CVSspecialty.com. With more than 40 years of experience, CVS Specialty® provides quality care and service. We have a network of pharmacies that includes those with Joint Commission and URAC accreditation. The Joint Commission and URAC are nationally recognized symbols of quality that reflect an organization's commitment to meet high standards of quality and safety.

¹ This medicine will not be covered without prior authorization for medical necessity.

² This medicine may require the use of a preferred agent for certain diagnoses.

³ Non-surgical cancer treatment requiring a review by eviti.

Bolded medicines are available exclusively through CVS Specialty. *Red, italicized* medicines require prior authorization.

Lowercase type indicates generic name and availability; lowercase type within parentheses indicates trademark generics listed only when no brand is available; medicines in all capital letters within parentheses indicate brand-names of generic medicines.

Products distributed by CVS Specialty, as well as products covered by a member's prescription or medical benefit plan, may change from time to time. In addition, a member's specific benefit plan design may not cover certain products or categories, regardless of their appearance on this document. This document contains confidential and proprietary information of CVS Specialty and may not be reproduced, distributed or printed without written permission from CVS Specialty. This list is subject to change. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Specialty.
