This is a listing of specialty medications for GEHA. It does not guarantee coverage. Due to the large number of available medicines, this list may not be all inclusive and may change without notice. Medications may or may not reflect the appropriate formulary tier or coverage logic depending upon the specific diagnoses, regardless of their appearance on this document. Recurring oral medications are to be processed through the pharmacy benefit. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. Please reference the GEHA Benefit Plan Brochure, Section 5(f) Prescription Drug Benefits, for benefit information.
