

Important update to your coverage for at-home COVID-19 tests

On May 12, 2023, the two national emergencies addressing COVID-19 ended.

Starting June 1, 2023, at-home, over-the-counter (OTC) COVID-19 tests (with or without a prescription) will **no longer be covered** under your plan's coverage.

**You can pay out-of-pocket and still get your at-home tests
through two ways:**

1. Order online via your pharmacy's website or app.

2. Visit your local retail pharmacy. If tests are available, you may purchase them directly from the front counter.

Call CVS Caremark® at 1-844-345-3241 for more information.
