

**Protect yourself.**

## **Get CDC\*-recommended vaccines, including flu shots**

at any in-network pharmacy participating in the Broad Vaccination Network.

- **No copay.\*\* No cost to you.**
- **More than 54,000 convenient locations†**
- Login at **Caremark.com** or visit **Caremark.com/sofrxplan** to find a network pharmacy that provides vaccinations.
  - Click on Find a Pharmacy
  - Enter your ZIP code
  - Click on Advanced Options
  - Click on Vaccine Network
  - Look for the syringe icon
- **Before you go**—call the pharmacy to make sure the vaccine is available and to make an appointment, if necessary.

Call Customer Care toll-free at **1-888-766-5490** if you have any questions.

\*Centers for Disease Control and Prevention

\*\*Copayment, copay or coinsurance means the amount a member is required to pay for a health care service in accordance with a Plan, which may be a deductible, a percentage of the price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

†Flu shots and vaccines may not be available in all pharmacies at all times. Call for availability and to make an appointment, if needed. Most vaccines require a prescription (except for the flu shot). The flu shot and many vaccines to treat common illnesses are generally covered under the Affordable Care Act by non-grandfathered group health plans and non-grandfathered individual and group health insurance coverage typically with no cost sharing if provided by an in-network provider, consistent with specified dosage limits and satisfaction of age and other vaccine specific requirements. Other restrictions may apply. Check with your health plan if you have any questions about your benefits.
