

## **Healthcare Bluebook**

Effective January 1, 2019, State Employees can use Healthcare Bluebook to search the quality and cost ratings for doctors and hospitals. This information can help you make an informed decision about care and save on your out-of-pocket medical expenses.

### **How It Works**

Not all doctors and facilities are created equal. A hospital may have a high overall quality, but scores lower in the service you need. Healthcare Bluebook gives you the whole story so you can make the healthcare decision that is best for you. Get started today at [healthcarebluebook.com/cc/SOF](http://healthcarebluebook.com/cc/SOF).

### **Go Green to Get Green**

Healthcare Bluebook makes it simple to compare doctors and hospitals. Through Healthcare Bluebook's Go Green to Get Green rewards program, the providers highlighted in green offer the highest quality services for the best value. Choose a provider and earn a reward—a credit to the savings or spending account of your choice—for having the procedure in these easy steps:

1. Use Healthcare Bluebook to find a doctor and service that's eligible for a reward.
2. Have the procedure.
3. Healthcare Bluebook will let the State Group Insurance Program know that you earned the reward to be deposited.

## **SurgeryPlus**

Effective January 1, 2019, State Employees can use SurgeryPlus to save money and earn rewards on planned medical procedures. And when you use SurgeryPlus, you could earn a reward—a credit to the savings or spending account of your choice.

### **How It Works**

SurgeryPlus is separate from your health plan and has its own network of providers. The surgeries that are covered under SurgeryPlus are also covered under the State Group Health Insurance Program. But, they're packaged in a way that delivers more value to you.

SurgeryPlus bundles commonly used services into a single, value rate to save you money. For example, if you have knee replacement surgery, you'd typically get a separate bill from the surgeon, the surgery center or hospital, anesthesiologist and radiologist. With SurgeryPlus, the State of Florida will get one bill with a "bundled" rate for doctors and medical procedures by cost and quality.

### **Earn Rewards with SurgeryPlus**

SurgeryPlus makes it easy for you to save money on quality health care and earn rewards. Choose a bundled service and earn a reward—a credit to the savings or spending account of your choice—for having the procedure in these easy steps:

1. Use SurgeryPlus to choose a provider for your "bundled" service.
2. Have the procedure.
3. SurgeryPlus will let the State Group Insurance Program know that you earned a reward to be deposited.

### **Get Started**

Call SurgeryPlus at 844-752-6170 to get started. The SurgeryPlus Care Advocate will walk you through the process, answer your questions and help you select a doctor or facility. You can also visit [Florida.SurgeryPlus.com](http://Florida.SurgeryPlus.com) (Portal access Code: surgeryplus).
