¿Qué es el Formulario de Standard Option del Programa de Medicamentos Recetados de Medicare FEP?

Un formulario es una lista de medicamentos cubiertos seleccionados por Standard Option del Programa de Medicamentos Recetados de Medicare FEP junto con un equipo de proveedores de cuidados de salud, que representa los tratamientos de medicamentos recetados considerados necesarios en un programa de tratamiento de calidad. Standard Option del Programa de Medicamentos Recetados de Medicare FEP generalmente cubrirá los medicamentos en nuestro formulario, siempre y cuando el medicamento sea médicamente necesario, la receta se despache en una farmacia de la red de Standard Option del Programa de Medicamentos Recetados de Medicare FEP y se sigan otras reglas del plan. Para obtener más información sobre cómo surtir las recetas, revise la Evidencia de Cobertura.

¿Puede el Formulario (lista de medicamentos) cambiar?

La mayoría de los cambios en la cobertura de medicamentos sucede el 1 de enero, pero podríamos añadir o retirar medicamentos de la Lista de Medicamentos durante el año, desplazarlos a niveles de costo diferentes o añadir nuevas restricciones. Debemos seguir las reglas de Medicare al hacer estos cambios.

Cambios que pueden afectarle este año: En los siguientes casos, se verá afectado por cambios en la cobertura durante el año:

- **Nuevos medicamentos genéricos.** Podríamos retirar de inmediato un medicamento de marca de nuestra Lista de Medicamentos si lo reemplazamos por un nuevo genérico que aparecerá en el mismo nivel de costo compartido o en uno menor, y con las mismas restricciones o menos. Igualmente, cuando añadimos un medicamento genérico, podríamos decidir mantener el medicamento de marca en nuestra Lista de Medicamentos, pero pasarlo de inmediato a otro nivel

de costo compartido o añadir nuevas restricciones. Si está tomando actualmente ese medicamento de marca, podríamos no informarle por adelantado antes de hacer ese cambio, pero le daremos información después sobre los cambios específicos que hicimos.

- Si hacemos un cambio de ese tipo, usted o el profesional que emite la receta pueden pedirnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. El aviso que le enviamos también incluirá información sobre cómo solicitar una excepción y usted puede encontrar información en la sección más abajo titulada “¿Cómo solicito una excepción al formulario de Standard Option del Programa de Medicamentos Recetados de Medicare FEP?”
- **Medicamentos retirados del mercado.** Si la Administración de Medicamentos y Alimentos considera que un medicamento en nuestro formulario es inseguro o si el fabricante del medicamento retira el medicamento del mercado, retiraremos el medicamento de nuestro formulario de inmediato e informará a los miembros que toman ese medicamento.
- **Otros cambios.** Podríamos hacer otros cambios que afecten a los miembros que actualmente toman el medicamento. Podríamos añadir un medicamento genérico que no es nuevo en el mercado para reemplazar un medicamento de marca actualmente en el formulario, añadir nuevas restricciones al medicamento de marca, pasarlo a otro nivel de costo compartido, o ambos. O podríamos hacer cambios de acuerdo con nuevas directrices clínicas. Si retiramos medicamentos del formulario, añadimos requisitos de autorización previa, límites de cantidad o restricciones de terapia por pasos, o si desplazamos un medicamento a un nivel superior de costo compartido, debemos notificar este cambio a los miembros afectados al menos 30 días antes de la entrada en vigor de dicho cambio o cuando que el miembro solicite la repetición de su receta, en cuyo caso el miembro recibirá 30 días de suministro del medicamento.
 - Si hacemos estos otros cambios, usted o el profesional que emite la receta pueden pedirnos una excepción y que sigamos cubriendo el medicamento de marca para usted. El aviso que le enviamos también incluirá información sobre cómo solicitar una excepción y usted puede encontrar información en la sección más abajo titulada “¿Cómo solicito una excepción al formulario de Standard Option del Programa de Medicamentos Recetados de Medicare FEP?”

Cambios que no le afectarán si toma actualmente el medicamento. Generalmente, si usted toma un medicamento en nuestro formulario de 2024 que estaba cubierto al comienzo del año, no descontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2024, excepto como se describe arriba. Esto significa que estos medicamentos seguirán disponibles al mismo nivel de costo compartido y sin nuevas restricciones para aquellos miembros que lo toman durante el resto del año de cobertura. Usted no recibirá un aviso directo este año sobre cambios que no le afectan. Sin embargo, el 1 de enero del próximo año, los cambios le afectarán y es importante que revise la lista de medicamentos del nuevo año de beneficios para ver si hay cambios en los medicamentos.

El formulario adjunto está actualizado al 03/15/2024. Para recibir información actualizada sobre los medicamentos cubiertos por Standard Option del Programa de Medicamentos Recetados de Medicare FEP comuníquese con nosotros. Nuestra información de contacto aparece en la portada y contraportada.

¿Cómo uso el formulario?

Hay dos maneras de encontrar el medicamento en el formulario:

Afección médica

El formulario comienza en la página 7. Los medicamentos en este formulario están agrupados en categorías, dependiendo del tipo de afección médica que tratan. Por ejemplo, los medicamentos usados para tratar una condición cardíaca están enunciados bajo la categoría Cardiovascular. Si sabe para qué se usa su medicamento, busque el nombre de la categoría a partir de la página 7. Luego, busque su medicamento bajo el nombre de la categoría.

Listado alfabético

Si no está seguro en qué categoría buscar, consulte el índice de medicamentos a partir de la página 153. El índice ofrece un listado alfabético de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los medicamentos genéricos están incluidos en el índice. Busque en el índice y encuentre el medicamento. Junto al medicamento, verá el número de la página en la que podrá encontrar la información de cobertura. Vaya a la página indicada en el Índice y busque el nombre del medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Standard Option del Programa de Medicamentos Recetados de Medicare FEP cubre tanto medicamentos de marca como genéricos. Un medicamento genérico está aprobado por la FDA como medicamento que contiene el mismo ingrediente activo que el medicamento de marca. Generalmente, los medicamentos genéricos cuestan menos que los medicamentos de marca.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos podrían tener requisitos adicionales o límites de cobertura. Estos requisitos y límites podrían incluir:

- **Autorización previa:** Standard Option del Programa de Medicamentos Recetados de Medicare FEP requiere que usted o su médico obtengan autorización previa para ciertos medicamentos. Esto significa que usted deberá obtener la aprobación de Standard Option del Programa de Medicamentos Recetados de Medicare FEP antes de surtir las recetas. Si no obtiene la aprobación, Standard Option del Programa de Medicamentos Recetados de Medicare FEP podría no cubrir el medicamento.
- **Límites de cantidad:** En el caso de determinados medicamentos, Standard Option del Programa de Medicamentos Recetados de Medicare FEP limita la cantidad de medicamento que cubrirá dicha Standard Option del Programa de Medicamentos Recetados de Medicare FEP. Por ejemplo, Standard Option del Programa de Medicamentos Recetados de Medicare FEP provee 30 tabletas por receta de 30 días de atorvastatin 80 mg en tabletas. Esto podría ser adicionalmente al suministro mensual estándar de un mes o de tres meses.
- **Terapia escalonada:** En algunos casos, Standard Option del Programa de Medicamentos Recetados de Medicare FEP requiere que usted pruebe primero ciertos medicamentos para tratar su afección médica antes de cubrir otro medicamento para dicha afección. Por ejemplo, si el Medicamento A y el Medicamento B tratan ambos su afección médica, Standard Option del Programa de Medicamentos Recetados de Medicare FEP podría no cubrir el Medicamento B a menos que usted pruebe primero el Medicamento A. Si el Medicamento A no le sirve, entonces Standard Option del Programa de Medicamentos Recetados de Medicare FEP cubrirá el Medicamento B.

Usted puede saber si su medicamento tiene requisitos o límites adicionales, consultando el formulario a partir de la página 7. También puede obtener más información sobre las restricciones aplicadas a medicamentos cubiertos específicos visitando nuestro sitio Web, fepblue.org/medicarerx, que explica nuestra autorización previa y las restricciones aplicada a la terapia escalonada. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha en la que actualizamos por última vez el formulario aparece en la portada y en la tapa posterior.

Puede pedirle a Standard Option del Programa de Medicamentos Recetados de Medicare FEP que haga una excepción a estas restricciones o límites o para una lista de otros medicamentos similares que podrían tratar su afección de salud. Consulte la sección “¿Cómo solicito una excepción al formulario de Standard Option del Programa de Medicamentos Recetados de Medicare FEP?” en la página 4 para obtener información sobre cómo solicitar una excepción.

¿Qué pasa si mi medicamento no está en el Formulario?

Si su medicamento no está en el formulario (Lista de Medicamentos cubiertos), primero debe contactar al Cuidado al Cliente y preguntar si su medicamento está cubierto. Para obtener más información, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha en la que actualizamos por última vez el formulario aparece en la portada y en la tapa posterior.

Si se le informa que Standard Option del Programa de Medicamentos Recetados de Medicare FEP no cubre el medicamento, usted tiene dos opciones:

- Puede pedirle a Cuidado al Cliente una lista de medicamentos similares cubiertos por Standard Option del Programa de Medicamentos Recetados de Medicare FEP. Cuando reciba la lista, muéstrele a su médico y pídale que le recete un medicamento similar cubierto por Standard Option del Programa de Medicamentos Recetados de Medicare FEP.
- Puede pedirle a Standard Option del Programa de Medicamentos Recetados de Medicare FEP que haga una excepción y cubra el medicamento. Consulte más abajo para obtener más información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al Formulario de Standard Option del Programa de Medicamentos Recetados de Medicare FEP?

Puede pedirle a Standard Option del Programa de Medicamentos Recetados de Medicare FEP que haga una excepción a nuestras reglas de cobertura. Hay varios tipos de excepciones que puede pedirnos que hagamos.

- Puede pedirnos que cubramos un medicamento, aunque no esté en el formulario. Si se aprueba, este medicamento estará cubierto a un nivel predeterminado de costo compartido, y no podrá pedirnos que le demos el medicamento a un nivel inferior de costo compartido.
- Nos puede pedir que cubramos un medicamento del formulario a un nivel de costo compartido inferior. Si se aprueba, esto reduciría la cantidad que usted tendría que pagar por el medicamento.
- Puede pedirnos una exención a las restricciones o límites de cobertura en el medicamento. Por ejemplo, para ciertos medicamentos, Standard Option del Programa de Medicamentos Recetados de Medicare FEP limita la cantidad de medicamentos que cubriremos. Si el medicamento tiene un límite de cantidad, puede pedirnos una exención del límite y la cobertura de más cantidad.

Generalmente, Standard Option del Programa de Medicamentos Recetados de Medicare FEP sólo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de costo compartido inferior o las restricciones adicionales de uso no son tan eficaces en el tratamiento de su afección médica y/o podría causarle efectos adversos.

Usted debería comunicarse con nosotros para pedir una decisión de cobertura inicial de una excepción al formulario o a las restricciones de utilización. **Cuando usted solicita una excepción al formulario o a la restricción de utilización, debe presentar una declaración de su médico que apoye su solicitud.** Por lo general, tomaremos nuestra decisión dentro de las 72 horas siguientes después de haber recibido la declaración del profesional que emitió la receta. Puede solicitar una excepción sin demora (rápida) si usted o el médico creen que su salud podría verse seriamente perjudicada por esperar hasta 72 horas por una decisión. Si su solicitud de urgencia es aceptada, debemos darle una decisión a más tardar 24 horas después de que recibamos la declaración de su médico o persona que emite la receta que apoya su solicitud.

¿Qué hago hasta hablar con mi médico sobre cambiar mi medicamento o solicitar una excepción?

Como miembro nuevo o continuo en nuestro plan, usted podría estar tomando medicamentos que no están en nuestro formulario. O podría estar tomando un medicamento que está en nuestro formulario pero que puede obtenerse limitadamente. Por ejemplo, podría necesitar autorización previa antes de despachar una receta. Debería hablar con su médico para decidir si debe cambiarse a un medicamento apropiado cubierto por nosotros o solicitar una excepción al formulario para que cubramos el medicamento que usted toma. Mientras habla con su médico para determinar la acción correcta para usted, podríamos cubrir su medicamento durante los primeros 90 días en los que sea miembro de nuestro plan.

Para cada uno de los medicamentos que no están en nuestro formulario o si su capacidad de obtener los medicamentos es limitada, cubriremos un suministro temporal de 30 días. Si su receta es por menos días, permitiremos repeticiones para darle un máximo de hasta 30 días de medicamento. Después del primer suministro de 30 días, no pagaremos estos medicamentos, aunque haya sido miembro del plan por menos de 90 días.

Si reside en una institución de cuidados a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad de recibir sus medicamentos es limitada, pero los primeros 90 días de su membresía en nuestro plan han pasado, cubriremos un suministro de emergencia de 31 días para ese medicamento mientras solicita una excepción al formulario.

INTRODUCCIÓN

FEP se complace en proporcionar el *Formulario de Medicamentos Ampliado de Opción Estándar 2024 MPDP de FEP* como una referencia útil para la selección de medicamentos. Los medicamentos en el *Formulario de Medicamentos Ampliado de Opción Estándar de MPDP de FEP* han sido revisados por el Comité de Políticas Médicas y Farmacéuticas de FEP y los médicos y farmacéuticos de FEP y se consideran apropiados para la condición preferida.

Toda la información en el *Formulario de Medicamentos Ampliado de Opción Estándar MPDP de FEP* se proporciona como referencia para la selección de la terapia farmacológica. La selección específica de medicamentos para un paciente individual recae únicamente en el prescriptor.

PREFACIO

El formulario está organizado por secciones, que se refieren a una clase de medicamento o estado de enfermedad. A menos que se señalen excepciones, todas las formas de dosificación y concentraciones del fármaco citado se incluyen en el formulario.

FEP puede imponer restricciones o no reembolsar medicamentos o tipos de productos específicos. Por ejemplo, ciertos medicamentos y suministros para la depilación y el crecimiento del cabello están excluidos del beneficio de farmacia. Además, los productos de venta libre (**OTC**), con la excepción de los productos de control de la diabetes, generalmente no están incluidos en el beneficio farmacológico. Algunos productos de venta libre se enumeran en el formulario solo con fines informativos.

El formulario está separado por niveles de la siguiente manera:

DEFINICIÓN DE NIVEL

Medicamento genérico de nivel 1

Medicamento de marca preferente de nivel 2

Medicamento no preferente de nivel 3

Nivel 4 Nivel de especialidad

Todos los medicamentos que se prefieren se anotan en sus respectivos niveles de las listas de medicamentos a lo largo de este formulario. Los medicamentos pueden ser revisados por el Comité de Políticas Médicas y Farmacéuticas de la FEP y designados como no preferentes. FEP puede designar ciertos medicamentos como no preferidos, generalmente si la relación costo-efectividad es menor que otros medicamentos similares.

APROBACIÓN PREVIA

Se requiere aprobación previa (**PA**) para ciertos medicamentos antes de que FEP los cubra. El médico prescriptor puede solicitar PA llamando al número gratuito 1-855-344-0930. La lista de medicamentos de aprobación previa está sujeta a cambios. Para obtener una lista actualizada de los medicamentos que requieren aprobación previa, consulte nuestra página web de **Aprobación Previa**.

LIMITACIONES DE CANTIDAD

Se han establecido limitaciones de cantidad (**QL**) para algunos de los medicamentos cubiertos por FEP. Las solicitudes de cantidades superiores a las permitidas pueden ser enviadas al programa de aprobación previa por el médico prescriptor llamando al número gratuito 1-855-344-0930.

COMITÉ DE POLÍTICA FARMACÉUTICA Y MÉDICA

La función del Comité de Política Médica y Farmacéutica de FEP incluye evaluar nuevos medicamentos y hacer recomendaciones para la designación de estado preferido o no preferido en el *Formulario de Medicamentos Ampliado de Opción Estándar de MPDP de FEP*. El Comité de Farmacia y Política Médica de FEP está compuesto por médicos y farmacéuticos que no son empleados o agentes de, ni tienen interés financiero en FEP.

CRITERIOS DE SELECCIÓN DE PRODUCTOS

El Comité de Farmacia y Política Médica de la FEP considerará los medicamentos aprobados por la Administración de Alimentos y Medicamentos de los Estados Unidos (FDA) para la designación de estado preferido. La evaluación incluye una revisión de la literatura; también se puede buscar la opinión de expertos. Se preparan revisiones formales que generalmente abordan la siguiente información:

- Seguridad
- Eficacia
- Estudios comparativos
- Interacciones medicamentosas
- Indicaciones aprobadas
- Formulación y administración
- Efectos adversos
- Contraindicaciones
- Farmacocinética
- Consideraciones de cumplimiento del paciente
- Resultados médicos y estudios farmacoeconómicos

Cuando se considera un nuevo medicamento para el estado preferido, se intentará examinar el medicamento en relación con medicamentos similares actualmente preferidos. Además, se revisan periódicamente clases terapéuticas completas. El proceso de revisión de clase puede resultar en una designación de estado no preferido para el (los) fármaco(s) en una clase terapéutica particular, en un esfuerzo por promover continuamente los agentes clínicamente más útiles y rentables.

Medicamentos evaluados por el Comité de Política Médica y Farmacéutica y no clasificados como preferentes que reciben una designación no preferente en el *Formulario de Medicamentos Ampliado de Opción Estándar MPDP de FEP*. Esta designación indica la

convicción del Comité de Política Médica y Farmacéutica de que el medicamento no ofrece ninguna ventaja clínica ni de costo ventajoso sobre medicamentos preferidos comparables, o que actualmente no hay información suficiente para determinar su papel clínico apropiado, o que quedan preguntas con respecto a la seguridad y la eficacia. En un entorno de formulario abierto, los medicamentos no preferentes están cubiertos por el beneficio de farmacia de FEP. Sin embargo, puede haber costos adicionales incurridos por el paciente para recibir un medicamento no preferente. Se alienta a los médicos a recetar los medicamentos preferentes.

Toda la información en el *Formulario de Medicamentos Ampliado de Opción Estándar MPDP de FEP* se proporciona como referencia para la selección de la terapia farmacológica. La elección final de una selección específica de medicamentos para un paciente individual recae únicamente en el prescriptor.

SUSTITUCIÓN GENÉRICA

Una forma de reducir el gasto de bolsillo es solicitando un medicamento genérico. Los medicamentos genéricos generalmente tienen un precio más bajo que sus equivalentes de marca. Los medicamentos genéricos recetados son:

- Aprobados por la FDA en cuanto a seguridad y eficacia, se fabrican bajo los mismos estándares estrictos que se aplican a los medicamentos de marca.
- Probado en humanos para asegurar que el genérico se absorbe en el torrente sanguíneo a una velocidad similar y en la misma medida que el medicamento de marca. Los genéricos pueden ser diferentes de la marca en tamaño, color e ingredientes inactivos, pero esto no altera su eficacia o capacidad de ser absorbidos al igual que el medicamento de marca.
- Fabricado en la misma concentración y forma de dosificación que los medicamentos de marca.

Cuando un medicamento genérico se sustituye por un medicamento de marca, puede esperar que el genérico produzca el mismo efecto clínico y perfil de seguridad que el medicamento de marca.
