2023 TRS-Care participants with Medicare have prescription drug coverage through SilverScript, an affiliate of CVS Caremark®. The plan is called TRS-Care Medicare Rx, an employer prescription drug plan (PDP) sponsored by TRS.

The term “participant” in these materials includes Medicare-eligible people covered under the TRS-Care Medicare Rx prescription plan.

SilverScript® Insurance Company, affiliated with CVS Caremark, offers this plan.

Medicare Part D Drug Payment Stages

All Medicare Part D plans have drug payment stages where drug costs may vary. Your *Explanation of Benefits (EOB)* and other plan materials include information on the four Part D drug payment stages. Part D plan participants move through each stage based on the amount the plan and/or the participant spends on prescription drugs. As a TRS-Care Medicare Rx participant, you continue to pay the same copays in all stages until you reach the Catastrophic Coverage stage, at which point your copays may be lower for the rest of the plan year.

- 1. **Deductible stage:** Your plan has no deductible; therefore, this stage does not apply to you.
- 2. **Initial Coverage stage:** You are in the Initial Coverage stage until your total yearly drug costs reach \$4,660. During this stage, you pay a copay for prescription drugs. Total yearly drug costs include payments you and the plan make.
- 3. **Coverage Gap stage:** This stage starts when your total drug costs exceed \$4,660. The common name for this stage is “the donut hole.” TRS-Care Medicare Rx provides additional coverage to keep your copay the same in the Coverage Gap stage. You see no change in drug costs until you reach the Catastrophic Coverage stage.
- 4. **Catastrophic Coverage stage:** You enter this stage after your out-of-pocket costs reach \$7,400. Out-of-pocket costs are the costs that you paid for your prescription drugs. If you reach this stage, your copays may be lower for the rest of the plan year.

Important Information

You don't have to enroll in the TRS-Care Medicare Rx prescription drug plan.

However, before you decide to opt out, be sure you understand what happens if you decline this coverage. You won't have any prescription drug coverage through TRS-Care if you drop this prescription coverage. Also, the federal government may charge you a penalty if you go without creditable prescription coverage for a certain length of time.

For questions about retiree benefit programs, eligibility, or enrollment, contact TRS Health at 1-888-237-6762 from 7 a.m. to 6 p.m., Monday through Friday, Central Time (except for state and federal holidays).

Who can join?

TRS will automatically enroll you in TRS-Care Medicare Rx if you're eligible for Medicare and are enrolled in a TRS-Care Medicare Advantage health plan. TRS-Care Medicare Rx is available in the United States and its territories.

What is my drug coverage?

To find out if your drug is on the formulary (list of Part D prescription drugs) or learn about restrictions, call TRS-Care Medicare Rx Customer Care at 1-844-345-4577, 24 hours a day, 7 days a week. TTY users should call 711. You can also visit info.caremark.com/trscaremedicarerx.

Our plan groups each medication into one of three tiers. Use the formulary to determine your drug's tier and cost to you. The amount you pay depends on the drug's tier and what benefit stage you reach (for example, the Initial Coverage stage or the Catastrophic Coverage stage). If the actual cost of a drug is less than the copay amount for that drug, you pay the actual cost, not the higher copay. The amount you pay depends on what type of pharmacy you use (for example, retail, long-term care or mail service).

TRS provides additional coverage that may cover prescription drugs not in a standard Medicare Part D benefit. If you're unsure about your drug costs or which drugs your plan may or may not cover, please call TRS-Care Medicare Rx Customer Care.

Which pharmacies can I use?

To find out if your pharmacy is in our network, call TRS-Care Medicare Rx Customer Care at 1-844-345-4577, 24 hours a day, 7 days a week. TTY users should call 711. You can also visit our website at info.caremark.com/trscaremedicarerx. If you use an out-of-network pharmacy, we'll reimburse your total cost minus your cost-share amount for the drug. You must submit a paper claim to get reimbursement.

More than 66,000 pharmacies nationwide make up the pharmacy network. These include retail, mail service, long-term care, home infusion, and Indian Health and Indian Tribal pharmacies. You must use a network pharmacy to receive full benefit coverage on your prescriptions.
