SilverScript Insurance Company  
Empire Plan Medicare Rx  
P.O. Box 30006, Pittsburgh, PA 15222-0330

### ***Empire Plan Medicare Rx sponsored by the New York State Health Insurance Program (NYSHIP)***

## **2024 Formulary (List of Covered Drugs)**

#### **PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN**

This Formulary was updated on 09/19/2023. For more recent information or other questions, please contact The Empire Plan at 1-877-769-7447 and select option 4 for the prescription drug program, 24 hours a day, 7 days a week, or visit [empireplanrxprogram.com](http://empireplanrxprogram.com). TTY users should call 711.

Formulary ID Number: 24195

**Note to existing members:** This Formulary has changed since last year. **Please review this document to make sure the drugs you take are still covered.**

When this Formulary refers to “we,” “us,” or “our,” it means SilverScript® Insurance Company. When it refers to “plan” or “our plan,” it means Empire Plan Medicare Rx.

This document includes the list of the drugs covered by our plan, which is current as of January 1, 2024. For an updated Formulary, please contact us. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

Members are encouraged to use network pharmacies for their prescription drug benefit. If you use a non-network pharmacy, you must pay the full cost of the drug and submit an Empire Plan Medicare Rx Prescription Reimbursement Claim Form to receive any applicable plan reimbursement. In almost all cases, you will not be reimbursed the total amount you paid for the prescription, and your out-of-pocket expense may exceed the usual cost-sharing tier.

Benefits, Formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

## **What is the Empire Plan Medicare Rx Formulary?**

A Formulary is a list of covered drugs selected by Empire Plan Medicare Rx in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. The Formulary must meet requirements set by Medicare.

Empire Plan Medicare Rx will generally cover the drugs listed in our Formulary as long as the drug is medically necessary and other plan rules are followed. For more information on how to fill your prescriptions, please review your 2024 *Evidence of Coverage*.

### **Can the Formulary change?**

Most changes in drug coverage happen on January 1, but Empire Plan Medicare Rx may add or remove drugs on the Formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

**New generic drugs.** We may immediately remove a brand-name drug on our Formulary if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Formulary, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information by mail about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Empire Plan Medicare Rx Formulary?”

**Drugs removed from the market.** If the Food and Drug Administration (FDA) deems a drug on our Formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we may immediately remove the drug from our Formulary and provide notice to members who take the drug.

**Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the Formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines.

If we remove a drug from our Formulary, add prior authorization and/or quantity limits for a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change takes effect or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the Part D drug under the same terms as previously allowed.

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Empire Plan Medicare Rx Formulary?”

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2024 Formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed Formulary is current as of January 1, 2024. To get updated information about the drugs covered by Empire Plan Medicare Rx, please contact us. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

If we have other types of midyear non-maintenance Formulary changes unrelated to the reasons stated above (e.g., remove drugs from our Formulary; add prior authorization requirements and/or quantity limits for a drug; or move a drug to a higher cost-sharing tier), we will notify you by mail. We will also update our Formulary with the new information. The updated Formulary is available online at [empireplanrxprogram.com](http://empireplanrxprogram.com) or may be obtained by calling us. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

### **How do I use the Formulary?**

There are two ways to find your drug within the Formulary:

#### **Medical Condition**

The Formulary begins on page 1. The drugs in this Formulary are sorted by category depending on the types of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category “Cardiovascular.” If you know what your drug is used for, look for the category name in the list that begins on page 1, then look under the category name for your drug.

#### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index at the back of this document. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the “Drug Name” columns on the page.

### **What are generic drugs?**

Empire Plan Medicare Rx covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

## **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

### **Prior Authorization (PA)**

Some drugs require you or your physician to get prior authorization. You must get an approval from us before you can get your prescription filled. If you do not get approval, we may not cover the drug.

### **Quantity Limits (QL)**

For certain drugs, there is a quantity limit in the amount of the drug that we will cover. For example, our plan provides up to 240 tablets per 30-day prescription for *tramadol hcl tab 50mg*. This may be in addition to a standard one-month or three-month supply.

### **Not available at our Mail Service Pharmacies (NM)**

There may be additional drugs that are not available at mail and not marked NM, including some hepatitis B medications, post-transplant medications, and oral medications used to treat HIV.

You can find out if your drug has any additional requirements or limits by looking in the Formulary that begins on page 1. Restriction indicators such as PA or QL appear in the “Requirements/Limits” column in the Formulary. You can also get more information about the restrictions applied to specific covered drugs by visiting our website at [empireplanrxprogram.com](http://empireplanrxprogram.com). You may ask us to send you a copy. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

You can ask Empire Plan Medicare Rx to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section “How do I request an exception to the Empire Plan Medicare Rx Formulary?” for information about how to request an exception.

## **What if my drug is not included in the Formulary?**

If your drug is not included in this Formulary, you should first contact Empire Plan Medicare Rx and ask if your drug is covered. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

If you learn that Empire Plan Medicare Rx does not cover your drug, you have two options:

- You can ask Empire Plan Medicare Rx for a list of similar drugs covered by our plan. When you receive the list, you should speak to your doctor to decide if you should switch to an appropriate drug that we cover.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

Empire Plan Medicare Rx does not cover drugs that are covered under Medicare Part B.

Prescription drugs covered under Medicare Part B are subject to 20% coinsurance, and a claim for the reimbursement of the coinsurance is automatically submitted (crossed over) to the Empire Plan Medical/Surgical Program for reimbursement. Out-of-pocket amounts are typically reimbursed to the enrollee within four to six weeks.

## **How do I request an exception to the Empire Plan Medicare Rx Formulary?**

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

- You can ask us to cover a drug even if it is not included on our Formulary. If approved, this drug will be covered at a predetermined cost-sharing tier and you would not be able to appeal to receive the drug at a lower cost-sharing tier.
- You can ask us to cover a Formulary drug at a lower cost-sharing tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Empire Plan Medicare Rx will only approve your request for an exception if the alternative drug is included on the Plan's Formulary or if the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

**Please note:** If we grant your request to cover a drug that is not included on our Formulary, you may not appeal to provide a lower cost-sharing tier of coverage for the drug.

You should contact us to ask for an initial coverage decision for a Formulary, cost-sharing tiering, or utilization restriction exception. **When you request a Formulary, cost-sharing tiering, or utilization restriction exception, you should submit a statement from your prescriber or doctor supporting your request.**

Generally, we must make our decision within 72 hours of getting your prescriber or doctor's supporting statement. You can request an expedited (fast) exception if you and/or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we receive the supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan, you may be taking drugs that are not included on our Formulary. Or you may be taking a drug that is included on our Formulary but your ability to get the drug is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a Formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not included on our Formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the Plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not included on our Formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a Formulary exception.

If you experience a change in your level of care, such as a move from a home to a long-term care setting, and need a drug that is not included on our Formulary (or if your ability to get your drugs is limited), we may cover a one-time temporary supply from a network pharmacy for up to 31 days, unless you have a prescription for fewer days. You should use the Plan's exception process if you wish to have continued coverage of the drug after the temporary supply is finished.

### **Initial Coverage Stage Copayment Tiers**

The Plan has three cost-sharing tiers. Every drug on the Plan's Formulary is in one of three cost-sharing tiers. In general, the higher the cost-sharing tier number, the higher your cost for the drug.

**Cost-Sharing Tier 1: Generic** – includes most generic drugs and some lower-cost brand-name drugs. Tier 1 is the lowest cost-sharing tier, at \$5 for up to a 30-day supply and \$10 for up to a 90-day supply at retail (\$5 at mail).

**Cost-Sharing Tier 2: Preferred Brand** – includes many common brand-name drugs. Tier 2 copays are \$30 for up to a 30-day supply and \$60 for up to a 90-day supply.

**Cost-Sharing Tier 3: Non-Preferred Brand** – includes non-preferred brand-name drugs. Tier 3 is typically where you will see the highest cost-sharing amount, at \$60 for up to a 30-day supply and \$120 for up to a 90-day supply.

#### **Your share of the cost when you fill a *one-month* supply of a covered Part D prescription drug:**

	<b>Standard Retail Cost-Sharing (In-Network)</b> <small>(Up to a 30-day supply)</small>	<b>Long-Term Care (LTC) Cost-Sharing</b> <small>(Up to a 31-day supply)</small>	<b>Out-of-Network Cost-Sharing</b> <small>(Up to a 30-day supply)</small> <small>(Coverage is limited to certain situations.)</small>
<b>Cost-Sharing Tier 1: Generic</b>	\$5.00	\$5.00	\$5.00
<b>Cost-Sharing Tier 2: Preferred Brand</b>	\$30.00	\$30.00	\$30.00
<b>Cost-Sharing Tier 3: Non-Preferred Brand</b>	\$60.00	\$60.00	\$60.00

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

## **For more information**

For more detailed information about your Empire Plan Medicare Rx prescription drug coverage, please review your 2024 *Evidence of Coverage* and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the Formulary, appears on the front and back cover pages.

If you have general questions about Medicare Part D prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or visit [www.medicare.gov](http://www.medicare.gov).

## **Empire Plan Medicare Rx's Formulary**

The Formulary that begins on page 1 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index at the back of this book.

The "Drug Name" columns of the chart list the drug name. Brand-name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lowercase italics (e.g., *levothyroxine*).

The information in the "Requirements/Limits" column tells you if Empire Plan Medicare Rx has any special requirements for coverage of your drug.

- PA Prior Authorization.
- QL Quantity Limits.
- NM Not available at our Mail Service Pharmacies.
- LA Limited Access. This prescription may be available only at certain pharmacies. For more information, consult your *Pharmacy Directory* or call The Empire Plan at 1-877-769-7447 and select option 4 for the prescription drug program, 24 hours a day, 7 days a week. TTY users should call 711.
- B/D This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

See the *Evidence of Coverage* for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. Participating health care providers are independent contractors and are neither agents nor employees of SilverScript. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

We comply with applicable Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, or sex and do not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. If you speak a language other than English, free language assistance services are available. Visit our website, call the phone number listed in this material or the phone number on your benefit ID card.

In addition, our health plan provides auxiliary aids and services, free of charge, when necessary, to ensure that people with disabilities have an equal opportunity to communicate effectively with us. Our health plan also provides language assistance services, free of charge, for people with limited English proficiency. If you need these services, visit our website, call the phone number listed in this material or on your benefit ID card.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with our Grievance Department (write to the address listed in your *Evidence of Coverage*). You can also file a grievance by phone by calling the Customer Care phone number listed on your benefit ID card (TTY: 711). If you need help filing a grievance, call Customer Care Department at the phone number on your benefit ID card.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at [https://ocrportal.hhs.gov/ocr/cp/complaint\\_frontpage.jsf](https://ocrportal.hhs.gov/ocr/cp/complaint_frontpage.jsf).
