Products distributed by CVS Specialty®, as well as products covered by a plan member's prescription benefit plan may change from time to time. For drugs listed that are not currently available through CVS Specialty, members will be referred to the manufacturer's designated specialty pharmacy provider. In addition, a member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance on this document. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Specialty. Member privacy is important to us. Our employees are trained regarding the appropriate way to handle members' private health information.
