

# State of Florida State Employees' Prescription Drug Plan Comprehensive Specialty Pharmacy Drug List

Providing one of the broadest offerings of specialty pharmaceuticals in the industry

The Comprehensive Specialty Pharmacy Drug List is a guide of medications available through CVS Specialty®. Our goal is to help make your life better. With more than 40 years of experience, CVS Specialty provides quality care and service. We have a network of pharmacies that includes those with Joint Commission and URAC accreditation. The Joint Commission and URAC are nationally recognized symbols of quality that reflect an organization's commitment to meet high standards of quality and safety.

Please note: This list (1) does not list all specialty medications, (2) is subject to change without notice, (3) may include medications not covered by the State Employees' Prescription Drug Plan, (4) may include medications that are subject to additional coverage rules as determined by your health plan, and (5) provides the generic name where a generic is available. If a generic is not available, the brand name appears. Brand-name products are displayed in CAPS and generic products are in lower-case italics.

All drugs are subject to the appropriate member cost-share (i.e., copayment or coinsurance<sup>1</sup>). Plan members may call CVS Specialty at 1-800-237-2767 to confirm cost-share of a specific drug.

If you are a member or a health care provider, please visit [CVSspecialty.com](http://CVSspecialty.com), fax to 1-800-323-2445 or call 1-800-237-2767 for specific information about medications available through CVS Specialty. Health care providers are encouraged to e-prescribe specialty prescription(s) to CVS Specialty Pharmacy.

1. Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

\*Indicates Limited Distribution products distributed by CVS Specialty. Products distributed by CVS Specialty, as well as products covered by a member's prescription or medical benefit plan, may change from time to time. In addition, a member's specific benefit plan design may not cover certain products or categories, regardless of their appearance on this document. This document contains confidential and proprietary information of CVS Specialty and may not be reproduced, distributed or printed without written permission from CVS Specialty. This list is subject to change. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Specialty.

 FUZEON

1. Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

\*Indicates Limited Distribution products distributed by CVS Specialty. Products distributed by CVS Specialty, as well as products covered by a member's prescription or medical benefit plan, may change from time to time. In addition, a member's specific benefit plan design may not cover certain products or categories, regardless of their appearance on this document. This document contains confidential and proprietary information of CVS Specialty and may not be reproduced, distributed or printed without written permission from CVS Specialty. This list is subject to change. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Specialty.
